# INTRODUCTION

- While reopening schools on September 8, 2020 is the goal at PWSD, we know we can't control COVID-19, so PWSD has drafted a plan allowing us to respond quickly to changing conditions. As conditions change, we may be forced to change how we provide instruction during the 2020-21 school year. PWSD's Reopening Plan includes a Green-Yellow-Red system outlining what students, staff and parents can expect under different conditions.
- We recognize anything less than in-person instruction every day is a hardship for families, and there is no perfect blended learning schedule.
- The plan reflects contributions from [staff, community members, administrators](#), neighboring school districts, personnel employed by the state of Idaho, Panhandle Health & The Center for Disease Control.
- The plan here, is neither exhaustive nor static.
- Updates will be placed our website [pwsd44.com](https://pwsd44.com) and welcome your questions and input.

PWSD should be ready to respond to cases within the school community regardless of the level of community spread. The PWSD will follow the [Panhandle Health District Decision Tree](#).
- If an infected person has been in a school building, any school in the community may need to implement short-term closure procedures regardless of the level of community spread. The response to an infected individual in a school building will be dealt with on a case-by-case base and schools will need to consult with their local public health district to identify the best course of action.
